SU VALGUS

SU Valgus

Since 2013, SU Valgus has been creating **illuminated planters** that showcase exceptional craftsmanship and innovation.

We've thoughtfully designed our creations to add **a hint of nature** to all types of spaces - from terraces and homes to public buildings and lobbies. A beautiful **unity of nature and light** transforms living spaces into serene and relaxing environments.

Based in Estonia, SU Valgus is dedicated to delivering **handmade lighting solutions**. High-quality materials and intricate craftsmanship, combined with a **distinctive blend of nature and light**, evoke a genuine sense of harmony and vitality featured in each piece.

RADIATA PINE fineline

A smooth surface, warm caramel hue, and elegant fine lines

These stunning design luminaires feature a warm caramel color and are made from high-quality Thermory® thermo-radiata pine. Their impeccable, knot-free surface and beautiful natural wood grain reflect outstanding craftsmanship. Designed to enhance any environment, these timeless pieces bring unmatched elegance and contemporary style.

WOOD Knotless thermo-radiata pine (natural)

Inspired by nature
Powered by light

In Estonian, SU Valgus translates to „Your Light.” The light is the essential part of life, in fact – vital. Natural plants and flowers thrive better when surrounded by a source of light. This is why SU Valgus **illuminated planters** can be placed anywhere—even in spaces without natural light.

Equipped with high-quality, dimmable LED light, these illuminated planters are energy-efficient and consume minimal electricity.

Each piece is crafted from premium, durable Thermory® thermally modified natural wood, guaranteeing exceptional and sustainable quality.

Designs inspired by nature foster a cozy and tranquil environment in any location. The distinctive blend captures interest and encourages relaxation and contemplation.

An ideal option for those who value true elegance and natural beauty.

WHITE OAK wideline

One-of-a-kind luxurious white oak

Discover the charm of the Woody collection with this exquisite piece, crafted from untreated natural oak and enhanced by a delicate white wax coating. The rich texture and pronounced grain patterns of the oak are beautifully showcased, creating a unique and captivating design. These luminaires provide gentle, nurturing light, perfect for enhancing the beauty of plants and flowers. Ideal for indoor spaces, they bring nature-inspired elegance to any setting.

ASH fineline

Where sustainability aligns with style

Crafted from strong and resilient ash wood, this designer planter with LED lighting is built to endure. Sourced from sustainable forests, it's an eco-friendly choice that combines durability with environmental responsibility. The elegant fine lines, rich brown hue, and natural wood patterns contribute a timeless sophistication, while its easy-to-clean finish guarantees effortless maintenance and long-lasting beauty.

M	366 x 366 x 500 mm
L	366 x 366 x 750 mm

RED OAK wideline

Warm, reddish-brown tone complements both traditional and modern design styles

Red oak is a timeless choice that effortlessly complements a variety of design trends, from rustic charm to minimalist elegance. Brushing enhances its natural beauty, removing softer surface layers to accentuate the striking grain patterns. The result is a distinctive texture that exudes sophistication and character, making every piece truly unique.
